Infinity Network Solutions Cables Bass Pro Distribution Center

Macon, GA - March 1, 2006 – Infinity Network Solutions, Inc. assisted in the installation of the Category 5e voice and data cabling, multi-mode fiber optic cabling, and the paging system speakers and cabling for the Bass Pro Outdoor World Regional Distribution Center that will be opening in Macon, Georgia later this year.

“We are excited to take part in such a high visibility project in our own back yard,” said Robert C. Betzel, President of Infinity Network Solutions.

Bass Pro Shops, also a major catalog and internet retailer, was recently ranked as the #1 outdoor retailer in America by Sporting Goods Business magazine. Headquartered in Springfield, Missouri, they have 26 retail locations in 17 states across America and Canada that attract over 75 million people annually.
